Time To Lay Out The Lasagna - Garden that is!

What is it? Layer gardening or composting as it is also known, is simply a way to grow vegetables in a rubbish heap - albeit an organized one! It is one of the increasingly popular no-dig techniques beloved by many for producing abundant crops with minimal effort.

How to create your own lasagna vegetable garden, is must-have knowledge for the Prepper, Homesteader and Permaculture enthusiast, just as much as it is for the keen vegetable grower.

It is perhaps one of the best examples of converting waste product to valuable food known to man.

It is simple to set-up and operate, and requires little in the way of gardening knowledge or 'green fingers' to produce healthy organic vegetables.

In this book you will find out all you need to know to set up your own lasagna garden, including detailed instructions on how to grow a selection of the most popular and easy vegetables to grow.
