Santo Domingo, a Fireman's Ball, and a Raging Inferno...

My life is in a tailspin and it won't stop. Chance was supposed to be mine forever. I should've known he was still the same jerk from high school that made my life a living hell. I forgave his secret, so why can't he forgive mine?

Will Chance find it in his heart to forgive Alexandria? Or, will it take the impossible for true love to reign supreme once again? Secrets fuel the flames while passion ignites in this sizzling hot firefighter romance.

Interview with the Author

What Makes the Big City Heat Series Special?

This series is special to me for several reasons. I set out to write a firefighter romance series about an alpha chief who ran a tight ship, and Chance was born. While I was mulling through the story in my head, the character of Alexandria came along. I suddenly had a strong female heroine to keep him on his toes.

More than anything I wanted the series to reflect real life situations that people sometimes find themselves in, while still keeping it an enjoyable read. At the same time, it's full of action, suspense, and romance – the kinds of things that keep me turning the pages.

What Order Should I Read the Books In?

Big City Heat is a serial. To get the most out of your reading experience its best to read them in the following order:

- Light My Fire
- I'm On Fire
- Ring of Fire

There may be more titles coming in the series depending on where the characters take me. Maybe Chance and Alexandria have more of their story to tell, or maybe one of the other characters in the station house will warrant a spin-off in the series.

Why Should I Buy This Book?

If you love firemen and you're looking for a romance with twists and turns, this is it. There's action, drama, love, and the list keeps going.
