From the basics of video editing with Premiere Elements, like capturing your media and building a timeline, to advanced functions, like creating customized effects and building menus for your DVDs and BluRay discs, Steve Grisetti, author of the Muvipix Guide series of software manuals, will show you:

- How to master the exciting, new, redesigned interface, and how to best utilize the all-new Quick View and Expert View timelines.
- How to generate custom-created musical clips, to your exact specifications, using SmartSound Express Tracks.
- How to shift the playback speed of your movie with the cool, new Time Remapping tool.
- How to use the powerful tools launched from the all-new Action Bar.
- How to take advantage of the innovative new file management systems in the redesigned Elements Organizer.
- The magic of keyframing, Premiere Elements' most versatile and powerful tool for creating motion paths and special effects.
- How to output video for the Web, a disc or your mobile device.
