Circling the Sun: A Novel by Paula McLain | Summary & Analysis

Paula McLain's historical fiction depicts a number of episodes in the life of Beryl Markham, fictionalizing an account of the growth of a documented historical personality through a series of emergences into new life stages and using her as a lens through which to view a part of the world typically not depicted in its time. In the text, Beryl grows from girlhood through adolescence and early womanhood into a full maturity, facing personal, professional and social conflicts as she eventually comes into a self-possession that history ultimately belies.

McLain's piece is an entertaining read that works in an unusual milieu to treat issues that are unfortunately all too familiar. While it is in some senses a coming-of-age novel, it moves beyond that common conceit to trace the motion of one person, known to history, through a fictionalized account of the process by which she came to occupy her position. It depicts a search for increasing freedom, speaking to all who themselves long to be free of what constrains them. It is an engaging read for both casual and academic readers, something untrue of entirely too many works. In doing so, it presents an image of the struggles faced by women of the English-speaking world of the early twentieth century, struggles that are still too commonly present.

This companion also includes the following:

- Book Review
- Story Setting Analysis
- Story elements you may have missed as we decipher the novel
- Clear, concise description and analysis of personalities
- Summary of the text, with some analytical comments interspersed
- Thought Provoking /or Discussion Questions for both Readers & Book Clubs
- Discussion & Analysis of Themes, Symbols...
- And Much More!

This Analysis of the novel fills the gap, making you understand more while enhancing your reading experience.
