Salvaging Capitalism / Saving Democracy Dr. Bob Abell

America is teetering on the brink. Thirty-nine percent of middle class wealth has disappeared. We know, but do not know, where it has gone. Polarization in politics is at an all time high. Accusations and counters to accusations dominate the news channels. It seems all is either confusion, or delusion. Everyman is watching, and not seeing. How did we get to this point, and is there a road back? This book is an outsider, non-expert but penetrating look at the 5S games of the securities markets and how these interact with government and politics.
