The Chronic Sinusitis Cure Phil Nicolay

Mayo Clinic researchers have found that the cause of most Chronic Sinus Infections is an immune system response to fungus. My discovery CURES Chronic Sinusitis by reintroducing selected (fungus eliminating) "friendly" bacteria into the sinuses. It may also impede the onset of Acute Sinusitis, by negatively impacting "bad" bacteria. MY booklet contains information regarding the types of "friendly" bacteria used to eliminate the fungus, a history of the development of the cure, a functional overview of the selected bacteria, substantive background information, detailed application instructions and links/sources for obtaining both the bacteria and a multi-use mist applicator bottle.
