## War Is A Force That Gives Us Meaning Chris Hedges

General George S. Patton famously said, "Compared to war all other forms of human endeavor shrink to insignificance. God, I do love it so!" Though Patton was a notoriously single-minded general, it is nonetheless a sad fact that war gives meaning to many lives, a fact with which we have become familiar now that America is once again engaged in a military conflict. War is an enticing elixir. It gives us purpose, resolve, a cause. It allows us to be noble.

Chris Hedges of *The New York Times* has seen war up close—in the Balkans, the Middle East, and Central America—and he has been troubled by what he has seen: friends, enemies, colleagues, and strangers intoxicated and even addicted to war's heady brew. In *War Is a Force That Gives Us Meaning*, he tackles the ugly truths about humanity's love affair with war, offering a sophisticated, nuanced, intelligent meditation on the subject that is also gritty, powerful, and unforgettable.
