Tagan's Child (A Tagan Series Romantic Suspense - Book 1) Amelia Ford

“His terminology struck me as odd and then I realised he was talking about Toby. I snatched my hand from his and the hairs on the back of my neck stood up like the hackles on a dog. The unease I felt when I first saw him returned...”

The day after the first anniversary of her sister's death, twenty-six-year-old Sophie McAllister is paid an unexpected visit from a handsome stranger who delivers some disturbing news about her eight-year-old nephew and ward. Just when Sophie thought her life was getting back on track, she is forced to put her trust in a man with an extraordinary secret. She begins a perilous journey that not only threatens everything she holds dear, but also challenges her innermost fears. Does Sophie have the courage to defy her enemies, face her fears and open her heart to a man who promises a future that is out of this world?

Interview With The Author

Q. What inspired you to write Tagan's Child?

A. I wanted to write the kind of book I like to read; one with a strong story line that revolves around different relationships and love in its varying forms. I wanted to explore how the love we feel for the different people in our lives can sustain us, how it can elicit our powerful instinct to protect, how it can help us to grow as a person, as well as how painful it can be sometimes. I also liked the idea of introducing some more unusual themes.

Q. So, would you say this book has a message for its readers?

A. I can't promise this book will change your life, but I hope Sophie's journey shows how we can all become stronger, grow and live in the day no matter what our demons are.

Q. Why are readers surprised by this book?

A. I like to think it's because it's not your average love story. It combines the elements of a thriller with that of a romantic suspense and a dash of action and adventure for good measure.

Q. Why should reader's download this book?

A. If you like refreshing escapism, with flawed believable characters, set in far-off exotic places, then this book is for you.
