Unexplained and grisly cattle mutilations are once again occurring in the sleepy town of Elberton, Montana. Angelica Bradley, the Founder and CEO of the Liberator Magazine, has taken a personal interest in the controversial phenomenon when one of her editors runs across the story. As Angelica meets with eyewitnesses in Elberton, it becomes clear that there is much more behind the mutilations than she could have ever imagined. As she investigates one of the mutilations at the Anderson ranch, she meets the handsome Michael Anderson, and quickly realizes that she has a strong interest in more than just the story. Colorado's Head of Veterinary Bio-Medical Sciences, Dr. Walter Goolrick, agrees to meet Angelica at the Brown Palace Hotel in Denver, Colorado, and begins to reveal unbelievable evidence from his years of research. The more Angelica gets closer to the truth, the more dangerous her journey becomes. She is being followed, and important evidence is stolen. Then someone from Elberton, who shared valuable information, is brutally murdered. Angelica is now in a race for the truth and her life, as she begins to connect the dots... alien abductions, military bases, government cover-ups, and KGB discoveries of the "Tomb of the Visitor" in Egypt. Very rich and powerful individuals are behind the web of government kickbacks and covert bases that will forever change the course of humanity. But are they just pawns in the ultimate alien agenda? Angelica must find the answers and expose the truth before it is too late. Her journey stretches her to the very depths of her own personal demons and emotions as she struggles with her love for Michael and her now fanatical need to expose the truth behind...
