**A Blueprint for Government that Doesn't Suck (Contra Mundum Collection) (Volume 2)** Wes Walker  
Americans are sharply divided over a great many issues, but there's one thing we increasingly agree on: Our Government Sucks! Unfortunately, while we agree there's a problem, we don't always agree on the solution. In fact, we listen to the "experts" on television and quickly discover they are in disagreement as well. So experts are no help at all. So if the government sucks; the politicians suck; the experts suck; where does that leave us? The author of this book suggests the only way out of this government mess and back into sanity is the old-fashioned way. Citizens should start thinking for themselves. In *A Blueprint for Government that Doesn't Suck*, Wes Walker takes you through the ultimate experiment of thought. What are the competing ideologies and why are they so diametrically opposed to one another? What do "you" believe? Can you defend your views? If you read this basic primer on government, with courage and with honesty, you will undoubtedly come out the other side as a better, more thoughtful and well-informed "citizen".
