The Possibility Dogs: What I Learned from Second-Chance Rescues About Service, Hope, and Healing

Susannah Charleson

“Reading *The Possibility Dogs* is like taking an amazing literary journey with a dear friend by your side. The characters you meet will enchant you, but the storyteller will capture your heart. If you love dogs, this is a can’t-miss book written by a kindred spirit.” —Jennifer Arnold, author of *Through a Dog’s Eyes* and *In a Dog’s Heart*

After a grisly search-and-rescue operation led to troubling consequences for author Susannah Charleson, she found that her relationship with Puzzle, her search dog, made a surprising contribution to her own healing. Inspired by that experience, Charleson learned to identify abandoned dogs with service potential, plucking them from shelters and training them to work with disabled human partners, to whom the dogs bring assistance, comfort, and hope.

Similar to her best-selling first book, *Scent of the Missing*, Charleson’s *The Possibility Dogs* goes beyond the science that explains working canines to tell the stories of the dogs themselves. Like Merlin, a black Lab puppy who had been thrown away in a garbage bag and now stabilizes his partner’s panic attacks. And service dog Jake Piper, a formerly starving pit bull mix who went from abandoned to irreplaceable. This heartwarming combination of memoir and research is sure to both inform and inspire.

“What an amazing book. Combine love, knowledge, and real-life drama with pitch-perfect writing, and you’ll end up with *The Possibility Dogs*. Simply brilliant!” —Patricia McConnell, author of *The Other End of the Leash*

“Insightful and earthy, Charleson is never maudlin. She keeps it real . . . All the stories have tremendous heart and power and you believe Charleson when she writes: ‘Any dog can surprise you,’ and ‘great dogs can come in odd packages.’” —*Boston Globe*

From reader reviews:

Woodrow Harker:

What do you think of book? It is just for students since they're still students or the idea for all people in the world, the actual best subject for that? Merely you can be answered for that question above. Every person has different personality and hobby for every single other. Don't to be compelled someone or something that they don't want do that. You must know how great along with important the book The Possibility Dogs: What I Learned from Second-Chance Rescues About Service, Hope, and Healing. All type of book could you see on many methods. You can look for the internet methods or other social media.

John Dinwiddie:

Nowadays reading books be a little more than want or need but also be a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge your information inside the book that will improve your knowledge and information. The data you get based on what kind of guide you read, if you want drive more knowledge just go with education books but if you want sense happy read one together with theme for entertaining for example comic or novel. The The Possibility Dogs: What I Learned from Second-Chance Rescues About Service, Hope, and Healing is kind of guide which is giving the reader erratic experience.

Kenneth Kan:

Often the book The Possibility Dogs: What I Learned from Second-Chance Rescues About Service, Hope, and Healing has a lot associated with on it. So when you check out this book you can get a lot of help. The book was compiled by the very famous author. Mcdougal makes some research prior to write this book. This particular book very easy to read you will get the point easily after reading this article book.

Trent Gibson:

Exactly why? Because this The Possibility Dogs: What I Learned from Second-Chance Rescues About Service, Hope, and Healing is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will distress you with the secret the idea inside. Reading this book close to it was fantastic author who all write the book in such incredible way makes the content inside easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This unique book will give you a lot of advantages than the other book have got such as help improving your talent and your critical thinking technique. So , still want to hold up having that book? If I ended up you I will go to the reserve store hurriedly.
