## The Wolves' Unraveling

### Us Against the Wolves (Book 3)

It was supposed to have gotten easier for Adam and Noah – life in general, especially after everything they had gone through. They saved Sophie, the runaway shifter, from her vengeful fiancé. They didn't care anymore what their peers in school thought of their relationship as long as they were happy. They were still at the top of the social totem pole, and best of all, they were in love.

But it seemed like they could never catch a break.

When a bonfire party turns awry, Adam and Noah find themselves in a race against time. There's a shifter on the loose with a new dead body popping up every week. To keep the secret of the existence of shifters and the police away, Adam and Noah must find the killer before it's too late.

High school was difficult enough as it is. Now the jock and the musician had to add another title to their resumes – paranormal investigators.
