Biblia del Jubileo: De las Escrituras de La Reforma (Spanish Edition)

En la Biblia del Jubileo 2000, para no tener que depender de diccionarios teológicos o materiales de referencia, el uso y el contexto tiende a definir cada palabra clave. Se prestó una atención cuidadosa por traducir correctamente el uso principal de cada palabra clave, mediante la primera aparición. Por lo tanto, emerge un patrón sorprendente en la forma en que la palabra hace su recorrido por el Antiguo Testamento y al realizar la comparación con la palabra Griega correspondiente en el Nuevo Testamento. La Biblia del Jubileo es la única traducción que conocemos hoy día en la cual cada palabra Hebrea coincide y se empareja con una palabra en Español única para que su uso, número de repeticiones y número de versículos en donde la palabra aparece, establezca ambos: un patrón de número significativo y una definición completa de lo que Dios quiere decir con esa palabra.

In the Jubilee Bible 2000 (JUB & JBS), the usage and context tends to define each key word so you don't need to depend on theological dictionaries or reference materials. Careful attention has been made to properly translate the first usage of each key word and through to the last occurrence. Then, as the word makes its way across the Old Testament and you make the correct match with the corresponding Greek word in the New Testament, an amazing pattern emerges. The Jubilee Bible is the only translation we know of that has each unique Hebrew word matched and mated with a unique English word so that the usage (number of occurrences and number of verses where the word occurs) sets forth a meaningful number pattern and a complete definition of what God means by each word.
