This is a re-write of the original book and it's a much longer and more dynamic story.

This book, "Lascivious Infatuation," is book 3 of "The Katie Holmes Series." James takes Katie to a special shop that he knows about in town. Once there he fits Katie out with all the accessories that a good slut will need. However, there is more than shopping that takes place, as the shop assistant is drawn in to their adventure. On the way in James has the top down on her convertible and he has her display herself, among other things. She certainly never envisaged yesterday, that she would be wearing and using some of the items they purchase today.

All oral, sexual and foreplay applications portrayed in my books are actual methods that work. I'm aware of the fact that a lot of women wouldn't have heard of some of the erogenous spots mentioned. Or for that matter used the methods of stimulation outlined. However, as I have stated they are real and can lead to some fantastic orgasms. That part is up to you and your partner or you alone I'm afraid, but if I've brought it to your attention I've done a good thing. Enjoy! No one will judge.

Thank you for reading my work. This is the 3rd book in this series and for your convenience; I have listed below the links to the other titles. I have noticed that Amazon is not consistent in their application of the 18 + Adult content and some titles can't be found easily. However, a visit to my website will solve this. You will find a link to my website at the end of this book.

This book contains older-man, younger-woman, master-submissive, coming of age, training to be a submissive, exhibitionism, masturbation, sex-toys (lots of sex toys of all shapes sizes and fits), bondage and more.

All my titles touch on BDSM, domination, submission and the alpha male. The two series that I'm writing at present go into this lifestyle a little further than my short stories. In today's society of relaxed sexual boundaries a lot of women secretly crave the fantasy of submission. For most it's an escape from reality and the everyday pressures of life. I know that a lot of very successful women use the lifestyle, as escapism from their high-powered jobs. It allows them to surrender all decision making to another, even if only for a short spell, maybe just on weekends away from their workplace.

Readers who follow the authors listed below would be interested in my style of writing. All my books are very descriptive and detailed.
