**Monica's Story by Andrew Morton (1999-03-01)** Andrew Morton;

Publication Date: March 1, 1999 Imagine that you are twenty-four years old and have been confiding in one of your closest friends about your on-again, off-again relationship with a married man twice your age. Then imagine your name is Monica Lewinsky, the man's name is Bill Clinton, and your friend's name is Linda Tripp--who has secretly tape-recorded your confidences and passed the tapes along to Kenneth Starr. Suddenly you find yourself surrounded by government agents who threaten you with twenty-seven years in jail if you do not tell them every detail of your private life and cooperate fully in their investigation of the President. In the summer of 1995, Monica Lewinsky, then twenty-one years old and fresh out of college, went to work as an unpaid intern at the White House. What happened next, as a vivacious young woman's "crush" on her boss led to her public humiliation and the impeachment of the President of the United States, has been documented in shocking detail. But have we heard the true story? Betrayed by Linda Tripp, Monica found herself a pawn in the power struggle between President Clinton and the Office of the Independent Counsel. As she waited to face the grand jury investigating the President, the media conducted its own trial of Monica, while her legal predicament prevented her from telling the world what really happened. Monica's Story at last sets the record straight. Drawing on his exclusive conversations with Monica, her family, and her friends, bestselling biographer Andrew Morton paints a complex and compelling portrait of a generous-hearted but troubled young woman whose dreams of romance had unimaginable consequences
