Prealgebra, Books a la Carte Edition (6th Edition)

Marvin L. Bittinger, David J. Ellenbogen, Barbara L. Johnson

Prealgebra, Books a la Carte Edition (6th Edition) Marvin L. Bittinger, David J. Ellenbogen, Barbara L. Johnson

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook.

The **Bittinger Worktext Series** changed the face of developmental education with the introduction of objective-based worktexts that presented math one concept at a time. This approach allowed students to understand the rationale behind each concept before practicing the associated skills and then moving on to the next topic. With this revision, Marv Bittinger continues to focus on building success through conceptual understanding, while also supporting students with quality applications, exercises, and new review and study materials to help them apply and retain their knowledge.
