Hemingway In Paris: A Biography of Ernest Hemingway's Formative Paris Years Paul Brody

In 20th century American literature, few individuals stand as tall as Ernest Hemingway. He singlehandedly defined Modernist fiction with his short, simple, declarative writing style.

His years in Paris during the 1920s were his “apprenticeship,” when he made the transition from newspaper writer to bona fide fiction writer and from an unknown to a celebrity. He also rubbed elbows with some of the most important intellectuals, artists and writers of his generation. While his first marriage did not survive Paris, some of his best and most representative fiction emerged from the experience.

This is the story of some of Hemingway’s most important years.
