Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences)

THE MOON IX PREFACE TO THE SPRINGER EDITION When this collection of Babylonian astronomical purpose of column *of the lunar ephemerides (by texts was published in 1955 (a date omitted by Aaboe) and the explanation of the method of computing the eclipse text ACT No. 60 (by Hamilton mistake from the title page), it contained all texts of this type that I could lay my hands on. As was to be and Aaboe). Some of these advances I have tried to incorporate into my History of Ancient Mathematical expected, the past 25 years provided more fragments, identified by A. Sachs and A. Aaboe in the British Astronomy (1975), which should be used as a guide to Museum and listed below. Also, some new joins the more recent literature. could be made and some errors of mine corrected. My sincerest thanks go to Springer-Verlag for Nevertheless, I think one still can consider the making this work again available to students of material of 1955 to be representative of what has been ancient astronomy. The Institute for Advanced preserved of the mathematical astronomy of the Study, which together with Brown University has Seleucid period. supported my work for more than four decades, has In the meantime, far more progress has been made graciously given its permission for this reprint. in our understanding of Babylonian astronomy, mainly by the publications of Aaboe, Hamilton, Maeyama, Sachs, van der Waerden, and others. As an Princeton 0.*

From reader reviews:

Edward Christensen:

In other case, little individuals like to read book Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences). You can choose the best book if you want reading a book. Provided that we know about how is important some sort of book Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences). You can add expertise and of course you can around the world by a book. Absolutely right, because from book you can recognize everything! From your country until eventually foreign or abroad you will end up known. About simple point until wonderful thing you may know that. In this era, we can easily open a book or searching by internet product. It is called e-book. You may use it when you feel uninterested to go to the library. Let's go through.

Kenny Grant:

The book Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences) give you a sense of feeling enjoy for your spare time. You should use to make your capable much more increase. Book can to get your best friend when you getting strain or having big problem with your subject. If you can make reading a book Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences) to become your habit, you can get far more advantages, like add your personal capable, increase your knowledge about many or all subjects. You could know everything if you like start and read a publication Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences). Kinds of book are several. It means that, science guide or encyclopedia or others. So , how do you think about this guide?

Sophia Morrison:

What do you think of book? It is just for students because they are still students or the item for all people in the world, the actual best subject for that? Simply you can be answered for that issue above. Every person has distinct personality and hobby per other. Don't to be obligated someone or something that they don't would like do that. You must know how great and also important the book Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences). All type of book are you able to see on many sources. You can look for the internet solutions or other social media.

Arthur McLaurin:

The publication untitled *Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences)* is the book that recommended to you you just read. You can see the quality of the e-book content that will be shown to anyone. The language that writer use to explained their ideas are easily to understand. The copy writer was did a lot of exploration when write the book, therefore the information that they share for your requirements is absolutely accurate. You also can get the e-book of *Astronomical Cuneiform Texts: Babylonian Ephemerides of the Seleucid Period for the Motion of the Sun, the Moon, and the Planets (Sources in the History of Mathematics and Physical Sciences)* from the publisher to make you a lot more enjoy free time.
