Freedom and Culture Dorothy D. Lee

In this well-known collection of essays, Dorothy Lee offers her readers an expedition into various world cultures, an imaginary field trip that reveals different views of autonomy, concepts of the individual in society, and interpretations of personal freedom. Dorothy Lee brings Wintu, Hopi, Tikopia, Trobriand, and many other cultures into focus, often contrasting them with our social structure, delineating the differences in language patterns, responsibilities as citizens of a community, and the appreciation of individual expression. The point of view of this work, a unique perspective on these contemporary materials, is achieved through Dorothy Lee's ability to fuse the anthropologist's contact with many cultures and a personal concern with the immediate responsibilities of citizenship, homelife, and motherhood. The result is a blending of science and the humanities—a readable, warm, and concrete account of freedom, being, and existence. Dorothy Lee's work provides possible alternatives to the social direction often thoughtlessly followed by modern man. Not prescriptive or "angry," it implicitly challenges the sophistication and stimulates the creative imagination of the reader.
