Your money is your responsibility, but do you understand the purpose of your money? Time and experience has taught me, where there is no clear direction money chooses its own path without consulting its owner. However; when one establishes a clearly defined purpose for money it brings to its owner increased wealth. As such it's important that each person understand the purpose of their money as it places them in the best position to manage it successfully.

The ability to change your financial future resides in you making better financial decisions today. To get there though you need to be educated on how to spend and manage your money. This book presents a practical guide to help you; the single parent, young adult, university student, mother, father, grandparent, entrepreneur to manage your income better.

By reading this book you will find some simple disciplines required to move you to that position of being financially independent and no longer dependent. The key to unlock this door is in making better choices and understanding that your income has a purpose.
