Problem Solving Approach to Mathematics for Elementary School Teachers, A, Plus MyMathLab -- Access Card Package (11th Edition) Rick Billstein, Shlomo Libeskind, Johnny Lott

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

More than 350,000 students have prepared for teaching mathematics with **A Problem Solving Approach to Mathematics for Elementary School Teachers** since its first edition, and it remains the gold standard today. This text not only helps students learn the material by promoting active learning and developing skills and concepts—it also provides an invaluable reference to future teachers by including professional development features and discussions of today's standards.

The **Eleventh Edition** is streamlined to keep students focused on what is most important. The **Common Core State Standards (CCSS)** have been integrated into the book to keep current with educational developments. The **Annotated Instructor's Edition** offers new **Integrating Mathematics and Pedagogy (IMAP)** video annotations, in addition to activity manual and e-manipulative CD annotations, to make it easier to incorporate active learning into your course. **MyMathLab®** is available to offer auto-graded exercises, course management, and classroom resources for future teachers.

To see available supplements that will enliven your course with activities, classroom videos, and professional development for future teachers, visit www.pearsonhighered.com/teachingmath
