Dominic- The Rock God

I left Texas and her behind in my rear view mirror choosing the band over the brotherhood. After she broke my heart there was no reason to stay. Now I do who I want, when I want with no regard to anyone's feelings but mine. I've had minimal contact with Declan and Brooke since. Five years later, fate brings us back together. As I rush to save her life, will I be able to protect my heart?

Declan - The Outlaw Biker President.

The day Dom left was the beginning of the end. I chose to stay as he chose to leave. I couldn't help that Brooke chose me over him. We haven't talked more than a few words in five years, but now that her life is in jeopardy I must ask the one person I can't face for help. Dom is the only one that can help bring her back safely, but what do I risk asking for his help?

Will Brooke stay or will feelings come rushing back and threaten more than just the MC?
