The CEO's Fantasy (The Billionaire Bachelors Series Book 1) R.G. Alexander

Book 1 of the brand new *Billionaire Bachelors* Series from *New York Times* and *USA Today* Bestselling Author RG Alexander

Dean Warren is the billionaire CEO of Warren Industries. He's spent the last five years proving his worth and repairing his family's reputation. But the rules he's had to live by are starting to chafe, especially when it comes to one particular employee. He doesn't believe in coincidence, but when Sara Charles shows up suddenly unemployed and asking him to agree to a month of indulging their most forbidden fantasies--there's no way he can refuse.

When reality is better than his wildest dreams, will the CEO break all of his own rules to keep her?

The Bachelors

We know every debutante's mama wants a piece of their action, but if you could choose without repercussions, which of the Billionaire Bachelors would be your fantasy? The true hardcore cowboy who has enough land and employees to start his own country, but no dancing partner for his special kind of two-step? The musician with a royal pedigree, a wild streak and a vast fortune at his disposal, who's never been seen with the same woman twice? His best jet-setting buddy who can claim no less than five estates, four degrees and three charges of lewd public behavior on his record? Or the sweet-talking, picture-perfect tycoon-cum-philanthropist who used to be the baddest of the bunch but put those days behind him when he took over as CEO of his family's company? (Or did he?)

Pick your fantasy lover--rocker, rancher, rebel or reformed rogue. Glass slipper shopping is a dangerous sport to be sure, especially with prey as slippery as these particular animals, but I'll still wish all my readers happy hunting.
