Pakistan, India and the Bomb: Spy versus Counterspy. It is the early 1970's. India is developing its first atomic bomb. Can Pakistan stop India before the bomb explodes? What happens to the balance of power in the subcontinent if India has a nuclear weapon and Pakistan does not? These two countries have already fought three wars. Is another war, this time over the bomb, inevitable? Unforeseen circumstances cause a Pakistani professor, an American spy and an American salesman to cross paths in New Delhi, India. Their lives become entangled in a way that none of the three could have anticipated. Can they, working together, stop India's bomb plans?
