Erik started out his life as an ordinary run of the mill folk in town of Yorkshire. Little did he know that destiny had some very otherworldly plans for him, and one by one he would lose everyone in his life that he held dear to his heart faster than pearls falling from a necklace! Years after his loss, just when things would seem to start getting normal, his last beacon of hope, his beloved girlfriend Margaret will soon vanish out of the face of the Earth, and every single person around Erik will deny that she even existed! Follow the total psychological submission of Erik's mind as he struggles and fights back against his own mental deterioration and uses his recurring premonitions to uncover one of the world's most shocking secret while following the trails of his missing girlfriend...
