Arthur Conan Doyle

The Adventure of the Beryl Coronet - The Adventures of Sherlock Holmes Re-Imagined Arthur Conan Doyle

Sherlock Holmes, the world's only unofficial consulting detective, was first introduced to readers in *A Study in Scarlet* published by Sir Arthur Conan Doyle in 1887. It was with the publication of *The Adventures of Sherlock Holmes*, however, that the master sleuth grew tremendously in popularity, later to become one of the most beloved literary characters of all time. In this book series, the short stories comprising *The Adventures of Sherlock Holmes* have been amusingly illustrated using only Lego(r) brand minifigures and bricks. The illustrations recreate, through custom designed Lego models, the composition of the black and white drawings by Sidney Paget that accompanied the original publication of these adventures appearing in *The Strand Magazine* from July 1891 to June 1892. Paget's iconic illustrations are largely responsible for the popular image of Sherlock Holmes, including his deerstalker cap and Inverness cape, details never mentioned in the writings of Conan Doyle. This uniquely illustrated collection, which features some of the most famous and enjoyable cases investigated by Sherlock Holmes and his devoted friend and biographer Dr. John H. Watson, including *A Sandal in Bohemia* and *The Red-Headed League*, is sure to delight Lego enthusiasts, as well as fans of the Great Detective, both old and new. LEGO(r) is a trademark of the LEGO Group of Companies. The LEGO Group has not been involved in nor has it in any other way licensed or authorised the publication of this book. **THE ADVENTURE OF THE BERYL CORONET:** Banker Alexander Holder has been entrusted with the safekeeping of the precious Beryl Coronet, one of the most valuable treasures of the nobility. Afraid to leave the valuable piece of jewellery at the bank, he brings it home, only to have a piece of the crown broken off and three beryls stolen. Holder appeals to Sherlock Holmes to help recover the precious stones and thus avoid a personal and national scandal."
