Reviews:

“Through all the ages, the Fior d'Italia has retained its ambience, its glamour, and its magic. This is a wonderful book with a great story to tell. Sit down with it and enjoy a well-told tale of one of the City's true treasures.” - John T. Lescroart, Author, A Certain Justice, Guilt

“Francine Brevetti has woven a tale I couldn't put down. San Francisco's history has been immeasurably enriched by its Italian-Americans. They not only knew how to cook and how to eat, they knew how to work hard. She's got it all here. It's a keeper.” -Gladys Hansen, Author, Denial of Disaster: The Untold and Unpublished Photographs of the San Francisco Earthquake and Fire of 1906

About the book:

The Fior d'Italia is in the heart of the Italian district of San Francisco and I should not hesitate to say that it is more Italian than Alfredo's in Rome. But it is also as authentically San Franciscan and American as the Crocker National Bank. The men who gave it its character will soon be gone – most of them have already gone. In another fifty years its patrons – the Pardinis, the Grazinis, the Martinis, the Gianninis – will be five and six generations removed from the immigrants who first ate there. Men as immigrants will have long since passed away from North Beach. But not their sons and daughters nor minestrone nor vino da pasto nor scaloppine. These will endure as an added grace to the America of tomorrow – these and something of the matrix whence they derive: the magnificent sanity and durability of the Italian people and their will to live and bear life's burdens gracefully.
