EVERY age, every race, has its leaders and heroes. There were over sixty distinct tribes of Indians on this continent, each of which boasted its notable men. The names and deeds of some of these men will live in American history, yet in the true sense they are unknown, because misunderstood. I should like to present some of the greatest chiefs of modern times in the light of the native character and ideals, believing that the American people will gladly do them tardy justice. It is matter of history that the Sioux nation, to which I belong, was originally friendly to the Caucasian peoples which it met in succession-first, to the south the Spaniards; then the French, on the Mississippi River and along the Great Lakes; later the English, and finally the Americans. This powerful tribe then roamed over the whole extent of the Mississippi valley, between that river and the Rockies. Their usages and government united the various bands more closely than was the case with many of the neighboring tribes.
