Oracle Certified Professional Dba Certification Exam Guide Jason S. Couchman
The Oracle Certified Profession (OCP) designation is proof of your ability to handle the demands of today's increasingly complex system environments. Certify yur skills--and demonstrate your expertise--by earning your OCP credential. In addition, the guide covers the Oracle8 upgrade exam for DBAs who want to extend their certification to include Oracle8. Fully endorsed by Oracle Corporation and developed in conjunction with Oracle's OCP program, this book with CD-ROM is a powerful preparation tool that features more than 450 exam questions. Featuring a logical methodology designed to reinforce your learning experience, this guide offers the following study aids: tips, examples, and exercises to help you remember key concepts; two-minute drills--quick and concise checklists that summarize a chapter's main points; perfect for last-minute review; chapter self-tests--chapter-specific questions similar to those found on the exam with detailed answers to each question; the latest information on the new scenario-based exam questions; comprehensive coverage of Oracle-designated exam objectives, including SQL and Pl/SQL, advanced performance tuning, database administration, backup and recovery, Oracle8, and much more; interactive exam on CD allows you to hotlink directly to the relevant part of the text--the entire book is in electronic format. Make a smart career move and begin enjoying all the rewards of OCP certification. This officially endorsed study guide offers a complete preparation system geared to help you pass your exams with flying colors!
