Twisted Fate: Everything Happens For A Reason Janet Hocking

Is this a very humorous comical story? Is this a serious story about the mafia? Is this a romantic love story? Maybe it's all of the above. (see more info at readitnow.uk or buy1today.com)

Since Julia's husband abruptly left her a few years ago, she was never happy until she met the love of her life, Luther. They shared a quiet romantic life traveling all around the world. But when they joined forces and wrote a book of purely fiction, they unknowingly invited a slew of trouble into their world. The 'Connectivity' got the attention of the real mafia of whom it closely describes. A cascade of small events, starting with a strange encounter with a massive piece of used chewing gum on the seat of an airplane, escalated into much bigger problems. Julia and Luther's names are now smack on top of the mafia's most wanted list. The mafia is determined to silence everyone who is aware of its existence. They assume Julia and Luther know too much, and now they are Enemy Number One. Julia and Luther's fiction novel now also attracts the attention of a group of secret agents determined to uncover and topple this intelligently organized crime group. Julia's hero, Luther, is forced to search for answers about this hidden world of which they knew nothing about prior to writing their innocently creative novel. With their family lives now rapidly falling apart and their own lives on the line, they seriously decide to take matters into their own hands.
