In a post-Impact world there are Kings, subjects, slaves and those desperately fighting to remain free. Twelve years after The Dying Time Impact, Joseph Scarlatti reigns as King of California, but his empire covers the remains of the entire West Coast. Now he's set his sights on the Colorado Freeholds and the Nation of Deseret (formerly Utah) and he hasn't forgotten about gaining control of the top secret weapon that can assure him of world domination.

Meanwhile on the moon, where the crew of the International Space Station relocated to survive, the population is growing, resources are getting scarce and their power supply is failing.

There's also a growing fear that if anyone on Earth gains control of The Weapon they'll use it against Luna City.
